

METRONET
Fiber Optic Internet, TV and Phone

Refer-a-Friend Fundraiser

Earn \$50 per active account for your organization.

The LWS PTO discovered Metronet was offering \$50 referral bonuses. The PTO contacted them and they offered to provide the PTO with \$50 for every LWS family that activates service due to this flyer. Were you thinking of making the switch from your existing provider to Metronet? If so, just fill out this form and return to school. We will give this information to Metronet and someone from their company will contact you. ***This is not an obligation to sign up.*** If after hearing about their product you decide to sign up, the LWS PTO will receive \$50 for each referral that activates MetroNet Service! This is just an option if you were considering this service. If you are happy with your internet provider, please disregard this message

Unfortunately, MetroNet does not service Aurora at this time.
